STATUS INDICATORS – POWER SLIDER – CHARGING PORT

(Rear Panel View)

A BLUETOOTH STATUS INDICATOR:

FLASHING LED:

When the device is first powered on, the blue LED will flash on and off to indicate that the Vidami Blue is discoverable by a compatible iPhone/iPad or computer. To connect the Vidami via Bluetooth: open the Bluetooth settings of your computer, iPad or iPhone and look for "Vidami Blue" in the list of available devices. Next, select "Connect", then "Pair" to connect with the Vidami Blue.

SOLID LED:

Once the Vidami Blue is connected to a compatible device, the blue LED will remain solid.

B LOW BATTERY INDICATOR:

When the battery is charged, the LED will remain off. When the battery level is low, the LED will turn red, indicating that the Vidami Blue should be charged soon.

C POWER SLIDER:

Shift the power slider to the **On** position during use. To preserve battery power, turn the power slider to the **Off** position when not in use.

D CHARGING PORT:

To recharge the Vidami Blue , connect the charging port to a wall charger, powered USB Hub or computer via the supplied cable.

CONTROL MODES

The Vidami Blue is not only the world's first hands-free video looping pedal, it also boasts other powerful hidden features. In addition to controlling dozens of online video platforms, the Vidami can easily be configured to remotely control many of your favorite Digital Audio Workstations and Digital Sheet Music Programs!

THE FOLLOWING ARE THE THREE MAIN CONTROL MODES:

- **VIDEO CONTROL MODE**

  This is Vidami Blue's default mode. In Video Control Mode you can loop and control videos on a host of platforms and websites.

- **DIGITAL AUDIO WORKSTATION MODE**
  In DAW Control mode, you can remotely record, duplicate tracks, toggle on/off metronome, add and navigate between markers, in Logic Pro, Ableton Live, Pro Tools and more..

- **PAGE TURNING/TAB MODE (FOR E-READERS & DIGITAL SHEET MUSIC)**
  Easily turn and scroll pages in your favorite e-Music Readers & Digital Sheet Music apps like: OnSong, Ultimate Guitar Tabs, Sheet Music Direct, forScore, and more.

PLEASE NOTE:

For instructions on switching between the various Control Modes, please visit:
vidami.com/pages/control-modes

VIDEO CONTROL MODE
(MODE 1 - DEFAULT)

BLUETOOTH STATUS INDICATOR:

1 Tap "speed" to slow down to five variable speeds from 100% to 20%.

2 Tap "loop" once to set the start of your loop, and tap again to set the end of the loop. The video will continue to loop until you tapa third time to clear the loop.

3 Tap "back" to skip backward 5 seconds. Press and hold "back" to return to the beginning of the video.

4 Tap "play/pause" to play or pause video. Press and hold "play/pause" to clear all previous speed and loop settings.

5 Tap "forward" to jump forward 5 seconds. Press and hold "forward" to fast-forward to a desired location, then tap "play/pause" to play from that point.
